Notice is hereby given, that under Instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1835.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the loan of the Company upon the Consignment shall have been satisfied.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

a. d.

Ditto.....	China.
Per Spanish Dollar, Ditto.....	

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in instalments, or payment of the Bills, the Court of Directors to be authorized, in such matters and at such times as they may see fit to call the Goods for the purpose of repaying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advances, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

1st.—The Parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rates for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
Ditto.....	China.
Per Spanish Dollar, Ditto.....	

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
30th October, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of secured permanency, warrants nevertheless his submitting to some immediate sacrifices, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to

the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to ~~reduction~~ should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

(Signed) H. T. PRINSEP,

Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 28th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

Provided, however, that no suit shall lie against a Collector of Customs or other Officer for any Judicial award in a matter of Customs passed under the preceding Section of this Act.

L.X. And it is hereby enacted, that whoever intentionally obstructs any Officer in the exercise of any powers given by this Act such Officer, shall be punished with imprisonment for a term not exceeding six months, or fine not exceeding one thousand Rupees, or both.

L.XIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of Bombay, by an order in Council, to transfer any of the powers given to a Collector of Customs by this Act to any other functionary, and to make any rules consistent with law for the carrying of this Act into effect, and to establish such bunders and appoint such Officers as he shall think fit, and to fix rates of wharfage and of rent to be paid for Goods deposited or stored to be in the Godowns of the Custom House.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
30TH OCTOBER, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the inquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the appearance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to Internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to

the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

(Signed) H. T. PRINSEP,

Secy. to Government.

Read and considered the Drafts of Act received with the above Resolution.

Read a further Extract from the proceedings of Government in the Separate Department dated 20th October, with copy of a letter from the Secretary to Government at Bombay dated 14th of that month and enclosures, and with a revised Draft of Act for imposing a duty on Salt in the Bombay Presidency, prepared in consequence of the receipt of that dispatch.

Ordered, that the revised Draft of Act be forwarded to the Right Honorable the Governor General of India,

and that the consideration of it be resumed on the receipt of the written opinion of the Governor General thereupon.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,**

8TH NOVEMBER, 1837.

Read again the following Draft of Act for regulating the Customs of the Bombay Presidency.

Act No. of 1837.

I. It is hereby enacted, that from the 13th January, 1838, all Regulations of the Bombay Code passed before the year 1827 and now in force, with the exception of Sections I., II., and III., Regulation VI., 1799, and of Clause 2, Section VII., Regulation IX., 1800, and of Sections XIV., XVII., XX., XXI., and XXV., Regulation I., of 1803, and of the whole of Regulations II., 1810 and VI., 1814, shall be repealed.

II. And it is hereby enacted, that Chapters I., II., VI., VIII., and IX., of Regulation XX., 1827 of the said Code, together with the Appendices A, B, C, E, H, I, J, K of that Regulation, also Regulation II., 1831, Regulation XIII., 1831, Regulation I., 1832, Regulation IV., 1833 and Regulation IV., 1834 of the said Code, and all such parts of any Regulations of the said Code as prescribe the levy of Transit or Inland Customs Duties, or as require the payment of any fee whatever on account of any vessel which may enter any port in the territories subject to the Bombay Presidency, and likewise the provisions of any kind contained in those or in any other Regulations, for fixing the amount of duty to be levied on Goods imported or exported by Sea at any place within the limits of the Bombay Presidency, or the drawback payable on the same, shall be repealed.

III. Provided always, that nothing contained in the two preceding Sections of this Act shall be construed to prevent the levy of any Town Duty, or of any Municipal tax, or of any toll on any bridge, road, canal, or causeway for repair and maintenance of the same; or of any fee for the erection and maintenance of light houses.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 13th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto shall be taken to be a part of this Act.

V. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any ports of the Bombay Presidency after the said 13th January next according to the rates specified in Schedule B annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto shall also be taken to be a part of this Act.

VI. Provided however that the ships of any European Nation having firman privileges in the port of Surat, shall not be subject to further duties of import or export than may be prescribed by their firmans respectively, any thing in the Schedules or in this Act notwithstanding.

VII. And it is hereby enacted, that Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of coast within the limits of the Presidency of Bombay at the rates prescribed in the Schedules of this Act, for Goods imported or exported on Foreign bottoms at any British port in that Presidency.

VIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by notice to be published in the Gazette of that Presidency, that the territory of any Native Chief, not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be foreign territory, and to declare Goods passing into or out of such territory liable either to the duty fixed for British or for Foreign bottoms as the said Governor in Council may think fit.

IX. And it is hereby enacted, that for the levy of Duties of Customs as above provided on Goods exported by land to or imported by land from such Foreign territories Customs Chokees may be established at such places as may be determined by the said Governor in Council, and every Officer at every such Chokee shall have power to detain Goods passing into or out of any such Foreign territory, and to examine and ascertain the quantities and kinds thereof, and such Goods shall not be allowed to pass across the frontier line out of or into the territory of the East India Company until the owner or person in charge thereof

shall produce and deliver a certificate showing that the Customs duty leviable thereupon has been paid in full.

X. And it is hereby enacted that it shall be lawful for the said Governor in Council to appoint such Officers as he may think fit to receive money on account of Customs duties and to grant certificates of the payment thereof, and that such a certificate being delivered to any Chokee Officer shall entitle Goods to cross the frontier into or out of the East India Company's territories, provided that the Goods correspond in description with the specification thereon contained in such certificate, and that the certificate show the entire amount of duty leviable on those Goods to have been duly paid. And if upon examination the Goods brought to any Chokee be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate, and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods as ascertained at such examination, the Goods shall be detained until a further certificate for the difference shall be produced.

XI. And it is hereby enacted, that the said Governor in Council shall give public notice in the official Gazette of the Presidency of Bombay of the appointment of every Officer appointed to receive Customs duties on Goods crossing the land frontier of the said Foreign territories, and the Officers so appointed shall on receipt of money tendered as Customs duty be bound to give to any Merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying, provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

XII. And it is hereby enacted, that no certificate shall be received at any Chokee that shall bear date more than thirty days before the date when the Goods arrive at the Chokee. Provided however that any person who has taken out a certificate from any authorized receiver of Customs duties shall at any time within the said period of thirty days on satisfying such receiver that such certificate has not been used and on delivering up the original be entitled to receive a renewed certificate, with a fresh date, without further payment of duty.

XIII. And it is hereby enacted, that it shall be lawful for the said Governor in Council to prescribe by public notice in the official Gazette of the Presidency of Bombay by what routes Goods shall be allowed to pass into or out of any such Foreign territory, as is described in Sections VII. and VIII. of this Act, and after such notice shall be given, Goods which may be brought to any Chokee established on other routes or passes than those so prescribed shall, if provided with a certificate, be sent back, and if not provided with a certificate shall be detained and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector that his carrying them by that route was from ignorance or accident.

XIV. And it is hereby enacted, that Goods which may be passed or which an attempt may be made to pass across any frontier guarded by Chokees between sunset and sunrise, or in a clandestine manner, shall be seized and confiscated.

XV. And it is hereby enacted, that any Chokee Officer who shall permit Goods to pass across the frontier when not covered by a sufficient certificate, or who shall permit Goods to pass by any prohibited route, or who shall wrongfully detain Goods for which there shall be produced a sufficient certificate, shall be liable on conviction, before the Collector of Customs, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVI. And it is hereby enacted, that if any Chokee Officer shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination such Officer shall, on conviction before the Collector of Customs, or before any Magistrate or Joint Magistrate, be liable to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVII. And it is hereby enacted, that all Goods imported by Sea into any port of the Presidency of Bombay from any Foreign European Settlement in India, or from any Native State, the inland trade of which has been declared by the Governor in Council of the Presidency of Bombay, under Section VIII. of this Regulation, to be subject to the duties levied on Foreign bottoms, shall be liable to the same duties as are imposed by Schedule A on imports on Foreign bottoms.

XVIII. And it is hereby enacted, that no Goods whatsoever entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty as of any part thereof, except under special order from the Governor in Council of the Presidency of Bombay. Provided always that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty any Baggage in actual use at his direction, and if any person shall apply to have Goods passed as such Baggage the Collector acting under the orders of the Government shall determine whether they be Baggage in actual use or Goods subject to duty under the provisions of this Act.

XIX. Provided always, that when Goods are imported at any port of the Bombay Presidency from any other port in that Presidency under certificate that the export duty specified in Schedule B has been duly paid thereon, or that there has been a re-export, and that the Import duty specified in Schedule A has been duly paid, the said Goods shall be admitted to free entry.

XX. Provided also, that when duties of Customs shall have been paid on any Goods at any port in any part of the territories of the East India Company not subject to the Presidency of Bombay, and when such Goods shall subsequently be imported at any port of the Presidency of Bombay, credit shall be given at such last mentioned port for the sum that may be proved by the production of due certificates to have been so paid.

XXI. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay from time to time by notice in the Official Gazette of that Presidency, to fix a value for any article or number of articles liable to *ad valorem* duty, and the value so fixed for such articles shall till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXII. And it is hereby enacted, that when Goods liable to duty for which a value has not been fixed by such a notice as is above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any Custom House in the Presidency of Bombay, for the purpose of being passed for importation or exportation, the duty leviable on such Goods shall be levied *ad valorem*, that is to say, according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colour under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

XXIV. And it is hereby enacted, that every such declaration when duly signed shall be submitted to the Officer of Customs appointed to appraise Goods at the Custom House, and if it shall appear to him that the same is correct he shall countersign it as admitted; but if any part or the whole of the Goods shall seem to him to be undervalued in such declaration, he shall report the same to the Collector of Customs who shall have power to take the Goods or any part thereof as purchased for the Government at the price so declared, and whenever the Collector of Customs shall so take Goods for the Government payment thereof shall be made to the consignee or importer, if the goods be imported Goods within fifteen days from the date of the declaration, the amount of Import duty leviable thereon being first deducted, and if the Goods be intended for exportation the entire value as declared shall be paid without deduction on account of Customs duty.

XXV. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by public notice in the official Gazette of that Presidency what places within the same shall be ports for the landing and shipment of merchandise, and any Goods that may be landed, or which an attempt may be made to land at any other port than such as shall be so declared shall be seized and confiscated.

XXVI. And it is hereby enacted, that when any vessel shall arrive in any port of the Presidency of Bombay the Master shall deliver a true manifest of the cargo on board made out according to the form annexed to this Act and marked C, to the first person duly empowered to receive such manifest that may come on board, and if no such person shall have come on board before the anchor of the

said vessel is dropped then the manifest shall be forwarded to land on board of the first boat that leaves the vessel after dropping anchor, and if the port be up a river or at a distance from the land first made, then it shall be lawful for the said Governor in Council, by an order published in the official Gazette of the Presidency, to fix a place in any such river or port beyond which place it shall not be lawful for any inward bound vessel, except such Country Craft as are described in Section 1. of this Act to pass until the Master shall have forwarded in such manner as may be ordered by the said Governor in Council such a manifest as is required by this Act.

XXVII. And it is hereby enacted, that if the manifest so delivered by the Master shall not contain a full and true specification of all the Goods imported in the vessel the said Master shall be liable to a fine of one thousand Rupees, and any Goods or Packages that may be found on board in excess of the manifest so delivered, or differing in quality or kind, or in marks and numbers from the specification contained therein shall be liable to be seized by any Customs Officer and confiscated, or to be charged with such increased duties as may be determined by the Collector of Customs under the orders of Government.

XXVIII. And it is hereby enacted, that if any inward bound vessel shall remain outside or below the place that may be fixed by the said Governor in Council for the first delivery of manifests, the Master shall deliver a manifest as hereinbefore prescribed, to the first person duly empowered to receive such manifest that may come on board, and if any vessel entering a port for which there is a Custom House established, shall lie at anchor therein for the space of twenty four hours the Master whereof shall refuse to deliver the said manifest in the manner above prescribed, he shall for such refusal be liable to fine not exceeding one thousand Rupees, and no entry or port clearance shall be given for such vessel until the fine is paid.

XXIX. And it is hereby enacted, that no vessel shall be allowed to break bulk until a manifest as required by this Act, and another copy thereof to be presented at the time of applying for entry inwards if so required by the Collector of Customs shall have been received by the said Collector, nor until order shall have been given by the said Collector for the discharge of the cargo, and that the said Collector may further refuse to give such order if he shall see fit until any port clearances, cocketts or other papers known to be granted at the places from which the vessel is stated to have come shall likewise be delivered to him.

XXX. And it is hereby enacted, that no Goods shall be allowed to leave any vessel or to be put on board thereof until entry of the vessel shall have been duly made in the Custom House of the port, and until order shall have been given for discharge of the cargo thereof as above provided, and it shall be the duty of every Customs Officer to seize as contraband any Goods which have been removed or put on board of any vessel in contravention of the above provision, or which any attempt shall have been made to remove from or to put on board of any vessel in contravention of the above provision. And after entry of the vessel at the Custom House in due form such part of the cargo as may not be declared for re-exportation in the same vessel shall be sent to land and export cargo shall be laden on board according to the forms and rules that may be prescribed for the port by this Act, or by order of the Governor in Council of the Presidency of Bombay, and if an attempt be made to land or put on board Goods or Merchandise in contravention of the forms and rules so prescribed the Goods shall be liable to seizure and confiscation.

XXXI. And it is hereby enacted, that if Goods entered in the manifest of a vessel shall not be found on board that vessel, or if the quantity found be short and the deficiency be not duly accounted for, or if Goods sent out of the vessel be not landed at the Custom House, or at such other place as the Collector of Customs shall have prescribed, the Master shall be liable to a penalty not exceeding five hundred rupees for every missing or deficient package of unknown value, and for twice the amount of duty chargeable on the Goods deficient and unaccounted for, if the duty can be ascertained. Provided however, that nothing herein contained shall be construed to prevent the Collector of Customs from permitting at his discretion the Master of any vessel to amend obvious errors or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XXXII. And it is hereby enacted, that there shall be every part of the Bombay Presidency be one or more places appointed for the landing and shipment of Goods, and Goods shall not be landed at any other place without the special order in writing of the Collector of Customs for the port, and if any Goods be landed, or an attempt be made to land any Goods at any other than the said authorized places without such order they shall be seized and confiscated.

XXXIII. And it is hereby enacted, that if the Governor in Council shall see fit for the security of Customs at any port to maintain special establishments of boats for the landing and shipping of merchandize, or to license and register the cargo boats plying in any ports then after due notification thereof, it shall not be lawful for any person to convey Goods to or from any vessel, in such port otherwise than in the boats so authorized and provided, except under special permit from the Collector of Customs at the port, and any Goods that may be found on board of other boats than those so authorized for the port shall be liable to be seized by any Officer of Customs and shall be liable to confiscation.

XXXIV. And it is hereby enacted, that when the Governor in Council of the Presidency of Bombay shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unloading and lading, then after due notification shall have been given that such establishment is so maintained at any port the Collector of Customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port or it shall be otherwise ordered by the Collector.

XXXV. And it is hereby enacted, that any Master of such vessel at such port who shall refuse to receive such officer with one servant on board when such officer shall be so deputed as above provided, or shall not afford such officer and such servant suitable shelter and sleeping accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary and with the means of cooking on board, shall be liable to fine not exceeding the sum of one hundred Rupees for each day during which such officer and servant shall not be received and provided with suitable shelter and accommodation.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thereof or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

XXXVIII. And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note, specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or

if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLI. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land and to levy duty according to the result of such weighing or measurement.

XLI. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the above-mentioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel inwards; and if any Goods remain on board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primeage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unloading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. PASSENGERS' BAGGAGE.

CONSIDERABLE misapprehension prevailing as to what articles are comprised in the term "Baggage in use" and so entitled to Free duty—it is hereby declared, that the term applies solely to Wearing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

MARINE DEPARTMENT.

Notification.—The Mint Engineer having reported that such progress has been made in the repair of the shaft of the Honourable Company's Steamer *Berenice* as to render it but little doubtful that the Vessel will be ready for sea on the 30th of November next, notice is hereby given, that it is the intention of the Right Honourable the Governor in Council, that the *Berenice* shall take her departure from hence to Suez on that day, and even if any failure should occur in the casting of the remaining pieces required to finish the repairs, an event which the greatest care and skill cannot always prevent, it is more than probable that the *Atalanta* will return in sufficient time to be despatched in her stead.

By Order, &c.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

1. d.	Per Company's Rupee for Advances made at.....	Bengal.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

MARINE DEPARTMENT.

Notification.—The Mint Engineer having reported that such progress has been made in the repair of the shaft of the Honourable Company's Steamer *Reverence* as to render it but little doubtful that the Vessel will be ready for sea on the 30th of November next, notice is hereby given, that it is the intention of the Right Honourable the Governor in Council, that the *Reverence* shall take her departure from hence to Suet on that day, and even if any failure should occur in the casting of the remaining pieces required to finish the repairs, an event which the greatest care and skill cannot always prevent, it is more than probable that the *Atalanta* will return in sufficient time to be despatched in her stead.

By Order, &c.

The Calcutta Gazette.

WEDNESDAY, NOVEMBER 22, 1837.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
20th October, 1837.

Read the following Extract from the Proceedings of Government in the Separate Department, dated 20th October 1837.

Resolution.—The Governor General of India in Council has always been desirous to assimilate the Duties levied on Internal and External Commerce at the several Presidencies of India, and, although circumstances compelled him to revise the Customs Duties of the Bengal Presidency before the enquiries instituted respecting the systems in force at the other Presidencies were sufficiently matured to enable him to make the measure general, it has been his wish to extend the same system to the Presidencies of Fort St. George and Bombay, as far as circumstances and the state of the Revenue might admit. But the result of the enquiries instituted showed that a much larger proportion of the Public Income of both those Presidencies was dependent on the Transit Duties, which it was proposed to abolish than had been the case in Bengal. The general Revenue of India moreover did not present the assurance of a confirmed surplus sufficient to enable the Governor General in Council to deal so liberally in the grant of relief from vexatious local Imposts as he wished. His Lordship in Council felt consequently the necessity of pausing before at once determining upon an entire assimilation of the systems of the three Presidencies, in order that the opportunity might be afforded of soliciting from the Hon'ble Court of Directors, the necessary authority to take measures attended with a sacrifice of important Items of the Public Income, and that the interval might be employed in seeking the means of replacing some portion at least of the Revenue proposed to be abandoned. The enquiries instituted through the Local Government and through the Customs Committee sitting in Calcutta, have for some time been completed for the Bombay Presidency, and the Governor General of India in Council has had the means of estimating the financial effect of the different measures proposed for its relief. The local duties were there various and irregular, and in some instances more than ordinarily vexatious and burthensome; but the Governor General of India in Council could not, without consulting the Local Authorities upon the specific provisions of the Laws required, take upon himself to lay before the Legislative Council Drafts of Acts to give effect to the measures intended, and the references made to Bombay for this purpose have led to much unexpected delay. It has been determined to relieve the Bombay Presidency from the imposts which were considered most injurious to commerce or most harassing to the population. Much has already been done with this view, and a means has been found of replacing some portion of the Revenue which it has so been determined to abandon by fixing the consolidated duty on Salt at Bombay on a footing higher than heretofore, but still considerably below the most favorable rate in force under the Madras Presidency.

The Governor General of India in Council has the prospect of a present surplus in the general Revenue of India, which, though produced from sources not of assured permanency, warrants nevertheless his submitting to some immediate sacrifice, in reliance upon the prosperous results to be expected under the encouragement afforded to production and commerce by light duties, and by the removal of all vexatious obstructions to internal communication.

Having therefore recently received the wider discretion solicited from the Hon'ble Court of Directors, in respect to

the abandonment of existing sources of the public Revenue, the Governor General of India in Council has resolved no longer to delay the abolition of all Inland Customs Duties under the Bombay Presidency, and the substitution for them of an Excise Duty on Salt at the rate of 8 annas per Indian maund, which as before observed, is less than the lowest rate levied under the Madras Presidency, and it has been determined to introduce at the same time an amended Schedule of Sea Customs Duties corresponding in all essential points with that established for Bengal by Act No. XIV. of 1835, to be enforced uniformly at all the Stations and Ports under the Bombay Presidency. The general Duties intended to be laid upon unenumerated articles are the same as those of Bengal, viz. three and a half per cent upon Imports and three per cent upon Exports, and the same Drawback of seven-eighths will be allowed on re-exportation. But the Governor General of India in Council would, at the same time, place it on record that the very moderate general duty laid at present upon Imports has been adopted at both Presidencies only temporarily and experimentally.

In Bombay as well as in Bengal the Duty Schedules must be considered open to early though cautious and temperate revision. For the rates of duty on Imports may be subjected to increase should the Government of India deem it necessary to remit its export duty upon any staple articles, and the rates of duty in both Schedules may require to be enhanced if the condition of the Finances of India should compel the Government to seek fresh sources of income, when, as is hoped may shortly be the case, it shall be able to extend to the Madras Presidency the full measure of relief conceded to Bengal and Bombay, and to introduce there the same Schedule of Sea Customs Duties accompanied with the same entire abandonment of the Inland Customs Duties.

The measures to be adopted for the reform of the system in force in the Presidency of Fort St. George have not yet been brought to maturity. But in the mean time the Governor General of India in Council has resolved to submit to the Legislative Council of India the following two Drafts of Acts which it is proposed to pass for the Bombay Presidency.

The advanced period of the season, and recent advices from the Government of Bombay urging the immediate establishment of the new duties upon Salt, have induced the Governor General of India in Council to propose that the law prepared upon that subject should be passed without the delay of the usual notice, a measure which may be adopted with the less reluctance because the authorities of Bombay have had the provisions in substance for several months under their consideration.

It is the hope of the Governor General in Council that the new duties upon Sea Customs will also be brought into operation within the Bombay Presidency by the 15th of January next.

II. And it is hereby enacted, that Chapters I., II., VI., VII., and IX., of Regulation XX., 1827 of the said Code, together with the Appendices A, B, C, E, H, I, J, K of that Regulation, also Regulation II., 1831, Regulation XIII., 1831, Regulation I., 1832, Regulation IV., 1833 and Regulation IV., 1834 of the said Code, and all such parts of any Regulations of the said Code as prescribe the levy of Transit or Inland Customs Duties, or as require the payment of any fee whatever on account of any vessel which may enter any port in the territories subject to the Bombay Presidency, and likewise the provisions of any kind contained in those or in any other Regulations, for fixing the amount of duty to be levied on Goods imported or exported by Sea at any place within the limits of the Bombay Presidency, or the drawback payable on the same, shall be repealed.

III. Provided always, that nothing contained in the two preceding Sections of this Act shall be construed to prevent the levy of any Town Duty, or of any Municipal tax, or of any toll on any bridge, road, canal, or causeway for repair and maintenance of the same; or of any fee for the erection and maintenance of light houses.

IV. And it is hereby enacted, that Duties of Customs shall be levied on Goods imported by Sea into any place in the territories subordinate to the Government of the Presidency of Bombay, after the said 15th January next, according to the rates specified in Schedule A annexed to this Act, and with the exceptions specified therein, and the said Schedule with the Notes attached thereto shall be taken to be a part of this Act.

V. And it is hereby further enacted, that Duties of Customs shall be levied upon Country Goods exported by Sea from any ports of the Bombay Presidency after the said 15th January next according to the rates specified in Schedule B annexed to this Act, with the exceptions therein specified, and the said Schedule with the Notes attached thereto shall also be taken to be a part of this Act.

VI. Provided however that the ships of any European Nation having firman privileges in the port of Surat, shall not be subject to further duties of Import or export than may be prescribed by their firmans respectively, any thing in the Schedules or in this Act notwithstanding.

VII. And it is hereby enacted, that Duties of Customs shall be levied on Goods passing by land into or out of Foreign European Settlements, situated on the line of coast within the limits of the Presidency of Bombay at the rates prescribed in the Schedules of this Act, for Goods imported or exported on Foreign bottoms at any British port in that Presidency.

VIII. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by notice to be published in the Gazette of that Presidency, that the territory of any Native Chief, not subject to the jurisdiction of the Courts and Civil Authorities of that Presidency shall be deemed to be foreign territory, and to declare Goods passing into or out of such territory liable either to the duty fixed for British or for Foreign bottoms as the said Governor in Council may think fit.

IX. And it is hereby enacted, that for the levy of Duties of Customs as above provided on Goods exported by land to or imported by land from such Foreign territories Customs' Chokees may be established at such places as may be determined by the said Governor in Council, and every Officer at every such Chokee shall have power to detain Goods passing into or out of any such Foreign territory, and to examine and ascertain the quantities and kinds thereof, and such Goods shall not be allowed to pass across the frontier line out of or into the territory of the East India Company until the owner or person in charge thereof

shall produce and deliver a certificate showing that the Customs duty leviable thereupon has been paid in full.

X. And it is hereby enacted that it shall be lawful for the said Governor in Council to appoint such Officers as he may think fit to receive money on account of Customs duties and to grant certificates of the payment thereof, and that such a certificate being delivered to any Chokee Officer shall entitle Goods to cross the frontier into or out of the East India Company's territories, provided that the Goods correspond in description with the specification thereof contained in such certificate, and that the certificate show the entire amount of duty leviable on those Goods to have been duly paid. And if upon examination the Goods brought to any Chokee be found not to correspond with the specification entered in the certificate presented with the same, the difference shall be noted on the face of the certificate, and if the payment of duty certified therein shall not cover the entire amount of duty leviable on the Goods as ascertained at such examination, the Goods shall be detained until a further certificate for the difference shall be produced.

XI. And it is hereby enacted, that the said Governor in Council shall give public notice in the official Gazette of the Presidency of Bombay of the appointment of every Officer appointed to receive Customs duties on Goods crossing the land frontier of the said Foreign territories, and the Officers so appointed shall on receipt of money tendered as Customs duty be bound to give to any Merchant or other person applying for the same a certificate of payment, and to enter therein the specification of Goods with the values and description thereof according to the statement furnished by the person so applying, provided only that the proper duty leviable thereupon according to the descriptions and values stated be covered by the payment made.

XII. And it is hereby enacted, that no certificate shall be received at any Chokee that shall bear date more than thirty days before the date when the Goods arrive at the Chokee. Provided however that any person who has taken out a certificate from any authorized receiver of Customs duties shall at any time within the said period of thirty days on satisfying such receiver that such certificate has not been used and on delivering up the original be entitled to receive a renewed certificate, with a fresh date, without further payment of duty.

XIII. And it is hereby enacted, that it shall be lawful for the said Governor in Council to prescribe by public notice in the official Gazette of the Presidency of Bombay by what routes Goods shall be allowed to pass into or out of any such Foreign territory, as is described in Sections VII. and VIII. of this Act, and after such notice shall be given, Goods which may be brought to any Chokee established on other routes or passes than those so prescribed shall, if provided with a certificate, be sent back, and if not provided with a certificate shall be detained and shall be liable to confiscation by the Collector of Customs, unless the person in charge thereof shall be able to satisfy the said Collector that his carrying them by that route was from ignorance or accident.

XIV. And it is hereby enacted, that Goods which may be passed or which an attempt may be made to pass across any frontier guarded by Chokees between sunset and sunrise, or in a clandestine manner, shall be seized and confiscated.

XV. And it is hereby enacted, that any Chokee Officer who shall permit Goods to pass across the frontier when not covered by a sufficient certificate, or who shall permit Goods to pass by any prohibited route, or who shall wrongfully detain Goods for which there shall be produced a sufficient certificate, shall be liable on conviction, before the Collector of Customs, to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVI. And it is hereby enacted, that if any Chokee Officer shall needlessly and vexatiously injure Goods under the pretence of examination, or in the course of his examination such Officer shall, on conviction before the Collector of Customs, or before any Magistrate or Joint Magistrate, be liable to imprisonment for a term not exceeding six months, and to a fine not exceeding five hundred Rupees, commutable if not paid to imprisonment for a further period of six months.

XVII. And it is hereby enacted, that all Goods imported by Sea into any port of the Presidency of Bombay from any Foreign European Settlement in India, or from any Native State, the inland trade of which has been declared by the Governor in Council of the Presidency of Bombay, under Section VIII. of this Regulation, to be subject to the duties levied on Foreign bottoms, shall be liable to the same duties as are imposed by Schedule A on imports on Foreign bottoms.

XVIII. And it is hereby enacted, that no Goods whatsoever entered in either of the Schedules of this Act, as liable to duty, shall be exempted from the payment of such duty or of any part thereof, except under special order from the Governor in Council of the Presidency of Bombay. Provided always that it shall and may be lawful for the Collector of Customs, or other Officer in charge of a Custom House, to pass free of duty any Baggage in actual use at his direction, and if any person shall apply to have Goods passed as such Baggage the Collector acting under the orders of the Government shall determine whether they be Baggage in actual use or Goods subject to duty under the provisions of this Act.

XIX. Provided always, that when Goods are imported at any port of the Bombay Presidency from any other port in that Presidency under certificate that the export duty specified in Schedule B has been duly paid thereon, or that there has been a re-export, and that the import duty specified in Schedule A has been duly paid, the said Goods shall be admitted to free entry.

XX. Provided also, that when duties of Customs shall have been paid on any Goods at any port in any part of the territories of the East India Company not subject to the Presidency of Bombay, and when such Goods shall subsequently be imported at any port of the Presidency of Bombay, credit shall be given at such last mentioned port for the sum that may be proved by the production of due certificates to have been so paid.

XXI. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay from time to time by notice in the Official Gazette of that Presidency, to fix a value for any article or number of articles liable to *ad valorem* duty, and the value so fixed for such articles shall till altered by a similar notice, be taken to be the value of such articles for the purpose of levying duty on the same.

XXII. And it is hereby enacted, that when Goods liable to duty for which a value has not been fixed by such a notice as is above directed, or for which a fixed duty has not been declared by the Schedules annexed to this Act, are brought to any Custom House in the Presidency of Bombay, for the purpose of being passed for importation or exportation, the duty leviable on such Goods shall be levied *ad valorem*, that is to say, according to the market value of such goods at the place and time of importation or exportation as the case may be.

XXIII. And it is hereby enacted, that the market value for assessment of duties on *ad valorem* Goods shall be declared by the owner, consignee or exporter, or by the agent or factor for any of these respectively, upon the face of the application to be given in by him in writing for the passing of the Goods through the Custom House, and the value so declared shall include the packages or materials in which the Goods are contained, and the application shall truly set forth the name of the ship in which the Goods have been imported or are to be exported, the name of the master of the said ship, the colours under which the said ship sails, the number, description, marks, and contents of the packages and the Country in which the Goods were produced.

XXIV. And it is hereby enacted, that every such declaration when duly signed shall be submitted to the Officer of Customs appointed to appraise Goods at the Custom House, and if it shall appear to him that the same is correct he shall countersign it as admitted; but if any part or the whole of the Goods shall seem to him to be undervalued in such declaration, he shall report the same to the Collector of Customs who shall have power to take the Goods or any part thereof as purchased for the Government at the price so declared, and whenever the Collector of Customs shall so take Goods for the Government payment thereof shall be made to the consignee or importer, if the goods be imported Goods within fifteen days from the date of the declaration, the amount of Import duty leviable thereon being first deducted, and if the Goods be intended for exportation the entire value as declared shall be paid without deduction on account of Customs duty.

XXV. And it is hereby enacted, that it shall be lawful for the Governor in Council of the Presidency of Bombay to declare by public notice in the Official Gazette of that Presidency what places within the same shall be ports for the landing and shipment of merchandise, and any Goods that may be landed, or which an attempt may be made to land at any other port than such as shall be so declared shall be seized and confiscated.

XXVI. And it is hereby enacted, that when any vessel shall arrive in any port of the Presidency of Bombay the Master shall deliver a true manifest of the cargo on board made out according to the form annexed to this Act and marked C, to the first person duly empowered to receive such manifest that may come on board, and if no such person shall have come on board before the anchor of the

said vessel is dropped then the manifest shall be forwarded to land on board of the first boat that leaves the vessel after dropping anchor, and if the port be up a river or at a distance from the land first made, then it shall be lawful for the said Governor in Council, by an order published in the Official Gazette of the Presidency, to fix a place in any such river or port beyond which place it shall not be lawful for any inward bound vessel, except such Country Craft as are described in Section I., of this Act to pass until the Master shall have forwarded in such manner as may be ordered by the said Governor in Council such a manifest as is required by this Act.

XXVII. And it is hereby enacted, that if the manifest so delivered by the Master shall not contain a full and true specification of all the Goods imported in the vessel the said Master shall be liable to a fine of one thousand Rupees, and any Goods or Packages that may be found on board in excess of the manifest so delivered, or differing in quality or kind, or in marks and numbers from the specification contained therein shall be liable to be seized by any Customs Officer and confiscated, or to be charged with such increased duties as may be determined by the Collector of Customs under the orders of Government.

XXVIII. And it is hereby enacted, that if any inward bound vessel shall remain outside or below the place that may be fixed by the said Governor in Council for the first delivery of manifests, the Master shall deliver a manifest as heretofore prescribed, to the first person duly empowered to receive such manifest that may come on board, and if any vessel entering a port for which there is a Custom House established, shall lie at anchor therein for the space of twenty four hours the Master whereof shall refuse to deliver the said manifest in the manner above prescribed, he shall for such refusal be liable to a fine not exceeding one thousand Rupees, and no entry or port clearance shall be given for such vessel until the fine is paid.

XXIX. And it is hereby enacted, that no vessel shall be allowed to break bulk until a manifest as required by this Act, and another copy thereof to be presented at the time of applying for entry inwards if so required by the Collector of Customs shall have been received by the said Collector, nor until order shall have been given by the said Collector for the discharge of the cargo, and that the said Collector may further refuse to give such order if he shall see fit until any port clearances, cocketta or other papers known to be granted at the places from which the vessel is stated to have come shall likewise be delivered to him.

XXX. And it is hereby enacted, that no Goods shall be allowed to leave any vessel or to be put on board thereof until entry of the vessel shall have been duly made in the Custom House of the port, and until order shall have been given for discharge of the cargo thereof as above provided, and it shall be the duty of every Customs Officer to seize as contraband any Goods which have been removed or put on board of any vessel in contravention of the above provision, or which any attempt shall have been made to remove from or to put on board of any vessel in contravention of the above provision. And after entry of the vessel at the Custom House in due form such part of the cargo as may not be declared for re-exportation in the same vessel shall be sent to land and export cargo shall be laden on board according to the forms and rules that may be prescribed for the port by this Act, or by order of the Governor in Council of the Presidency of Bombay, and if an attempt be made to land or put on board Goods or Merchandise in contravention of the forms and rules so prescribed the Goods shall be liable to seizure and confiscation.

XXXI. And it is hereby enacted, that if Goods entered in the manifest of a vessel shall not be found on board that vessel, or if the quantity found be short and the deficiency be not duly accounted for, or if Goods sent out of the vessel be not landed at the Custom House, or at such other place as the Collector of Customs shall have prescribed, the Master shall be liable to a penalty not exceeding five hundred rupees for every missing or deficient package of unknown value, and for twice the amount of duty chargeable on the Goods deficient and unaccounted for, if the duty can be ascertained. Provided however, that nothing herein contained shall be construed to prevent the Collector of Customs from permitting at his discretion the Master of any vessel to amend obvious errors or to supply omissions from accident or inadvertence by furnishing an amended or supplemental manifest.

XXXII. And it is hereby enacted, that there shall in every part of the Bombay Presidency be one or more places appointed for the landing and shipment of Goods, and Goods shall not be landed at any other place without the special order in writing of the Collector of Customs for the port, and if any Goods be landed, or an attempt be made to land any Goods at any other than the said authorized places without such order they shall be seized and confiscated.

XXXIII. And it is hereby enacted, that if the Governor in Council shall see fit for the security of Customs at any port to maintain special establishments of boats for the landing and shipping of merchandize, or to license and register the cargo boats plying in any ports then after due notification thereof, it shall not be lawful for any person to convey Goods to or from any vessel, in such port otherwise than in the boats so authorized and provided, except under special permit from the Collector of Customs at the port, and any Goods that may be found on board of other boats than those so authorized for the port shall be liable to be seized by any Officer of Customs and shall be liable to confiscation.

XXXIV. And it is hereby enacted, that when the Governor in Council of the Presidency of Bombay shall see fit to maintain at any port an establishment of officers to be sent on board of vessels to watch their unloading and lading, then after due notification shall have been given that such establishment is so maintained at any port the Collector of Customs at that port shall have power at his discretion to send one or more officers of such establishment to remain on board of any vessel in such port by night and by day until the vessel shall leave the port or it shall be otherwise ordered by the Collector.

XXXV. And it is hereby enacted, that any Master of such vessel at such port who shall refuse to receive such officer with one servant on board when such officer shall be so deputed as above provided, or shall not afford such officer and such servant suitable shelter and sleeping accommodation while on board, and likewise furnish them with a due allowance of fresh water if necessary and with the means of cooking on board, shall be liable to fine not exceeding the sum of one hundred Rupees for each day during which such officer and servant shall not be received and provided with suitable shelter and accommodation.

XXXVI. And it is hereby enacted, that whenever a Collector of Customs shall see cause to direct that any vessel shall be searched he shall issue his warrant or written order for such search addressed to any officer under his authority and upon production of such order the officer bearing it shall be competent to require any cabins, lockers, or bulkheads to be opened in his presence, and if they be not opened upon his requisition to break the same open, and any Goods that may be found concealed, and that shall not be duly accounted for to the satisfaction of the Collector of Customs shall be liable to confiscation, and any Master or person in charge of a vessel, who shall resist such officer or refuse to allow the vessel to be searched when so ordered by the Collector of Customs, shall be liable upon conviction for every such offence to a fine of one thousand Rupees.

XXXVII. And it is hereby enacted, that every Master of a vessel who shall remove from such vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed from thence or put on board thereof between sunset and sunrise or on any day when the Custom House is closed for business without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding five hundred Rupees.

XXXVIII. And it is hereby enacted, that no cargo boat laden with Goods intended for exportation by sea shall make fast to or lie alongside of any vessel on board of which there shall be a Customs Officer stationed unless there shall be on board the boat, or have been received by the said Customs Officer a Custom House permit or order for the shipment of the Goods, and the Goods on board of any boat that may so be alongside or be made fast to a vessel, if such Goods be not covered by a Custom House pass accompanying them, or previously received by the Customs Officer on board, the said vessel shall be liable to confiscation.

XXXIX. And it is hereby enacted, that when Goods shall be sent from on board of any vessel having a Customs Officer on board for the purpose of being landed and passed for importation there shall be sent with each boat load or other separate despatch a boat note specifying the number of packages, and the marks and numbers or other description thereof, and such boat note shall be signed by an Officer of the vessel and likewise by the Customs Officer on board, and if any imported Goods be found in a boat proceeding to land from such a vessel without a boat note, or if being accompanied by a boat note they be found out of the proper track between the ship and the proper place of landing, the boat containing such Goods may be detained by any Officer of Customs duly authorized by the Collector, and unless the cause of deviation be explained to the satisfaction of the Collector of Customs, the Goods shall be liable to confiscation.

XL. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by sea, if the packages in which the same may be contained shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or

if the contents thereof be found not to have been correctly described in regard to sort, quality, or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified articles, all such packages with the whole of the Goods contained therein, shall be liable to confiscation.

XLI. And it is hereby enacted, that if any person after Goods have been landed and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation unless it shall be proved to the satisfaction of the Collector of Customs that the removal was not sanctioned by the owner or by any person having an interest in or power over the Goods.

XLII. And it is hereby enacted, that it shall be lawful for the Collector of Customs, whenever he shall see fit, to require that Goods brought by sea and stowed in bulk shall be weighed or measured on board ship before being sent to land and to levy duty according to the result of such weighing or measurement.

XLIII. And it is hereby enacted, that on application by the exporter of any Salt that has paid the Excise duty fixed by Act No. XXVII. of this year, a certificate shall be granted by the Collector of Customs at the place of export, under authority of which certificate the quantity of Salt specified therein shall be landed at any other port of the said Presidency of Bombay, and shall be passed from such port into the interior without the levy of any further duty either of Excise or of Customs.

XLIV. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel to superintend the delivery of cargo, twenty days, exclusive of Sundays and Holidays, shall be allowed for the discharge of the import cargo of vessels not exceeding six hundred tons burthen, and thirty days, exclusive of Sundays and Holidays, for the discharge of the import cargo of vessels exceeding that burthen, and the said periods shall be calculated from the day when the Customs Officer first went on board. And if the whole cargo be not discharged by the expiration of the above-mentioned periods, the Master shall be charged with the wages of such Officer, and other expenses for any further period that such Officer may be detained on board. And if the owners, importers, or consignees do not bring their Goods to land within the periods above fixed, it shall be the duty of the Master so to do.

XLV. And it is hereby enacted, that when there shall be no Customs Officer sent aboard vessels discharging cargo, it shall be lawful for the Collector of Customs to fix a period, not being less than twenty days, for the discharge thereof and clearance of the vessel upwards; and if any Goods remain on-board after the time so fixed or after the time allowed in the last preceding Section of this Act, the Collector may order the same to be landed and warehoused for the security of the duties chargeable thereon, and of any freight and primeage and other demands that may be due thereon, giving his receipt to the Master for the same. Provided always, that in all cases it shall be lawful for the Collector or other Officer in charge of the Custom House, with the consent of the Master of the vessel, to cause any packages to be brought on shore and to be deposited in the Government Warehouses for the security of the duties and charges thereon, although twenty days may not have expired from the entry of such vessel; and in case any Goods brought to land from any vessel be not claimed and cleared from the Custom House within three months from the date of entry of the ship in which such Goods were imported, it shall be competent to the Collector to sell the same on account of the duties and other charges due thereon, and the balance remaining after deducting the said duties and charges shall be held in deposit and paid to the Owner on application.

XLVI. And it is hereby enacted, that when a Customs Officer shall be sent on board of any vessel discharging cargo, a further period of fifteen days, Sundays and Holidays excluded, beyond the twenty days above specified, shall be allowed for putting on board export cargo if the vessel shall not exceed six hundred tons burthen, and twenty days if it exceed that burthen, when the lading and unlading thereof shall be continuous, and the Master or Commander shall in such case not be charged with the wages and expenses of the Customs Officer on board until after the expiration of such additional period. And if a vessel having discharged its import cargo shall be laid up, the Customs Officer on board shall certify that no Goods remain on board except necessary stores and articles for use, and when a vessel so laid up shall be entered at the Custom House for receipt of export cargo a Customs Officer shall be sent on board, and if the said last mentioned Officer shall certify that no Goods are on board except as above excepted, twenty days, exclusive of Sundays and Holidays, as above, shall be allowed from the date of such certificate for the lading outwards of a vessel not exceeding six hundred tons, and thirty days for

vessels exceeding that burthen, after which periods respectively the Master shall be charged with the wages and expenses of the Customs Officer on board to the date of the vessel's sailing from the port.

XLVII. And it is hereby enacted, that when upon application from the Master of any vessel the Customs Officer shall be removed from on board thereof under the provisions to that effect contained in the last preceding Section of this Act, if the Master of such vessel shall before a Customs Officer have again been placed in such vessel, put on board of such vessel, or cause or suffer to be put on board of such vessel any Goods whatever, such Master shall be punished with a fine, *nam* exceeding one thousand Rupees, and the Goods shall be liable to be re-landed for examination at the expense of the shippers upon requisition to that effect from the Collector of Customs.

XLVIII. And it is hereby enacted, that upon any Goods liable to duty that may be passed through the Custom House for shipment, the application for which shall be presented after port clearance shall have been taken out, double of the prescribed duty shall in all cases be levied, and if the Goods be free or have already paid import duty, or have been imported free under certificate, five per cent. upon the market value shall be levied thereon, or if the same be imported Goods entitled to drawback the drawback shall be forfeited, but no separate duty shall be levied on drawback Goods.

XLIX. And it is hereby enacted, that when a vessel having cleared out from any port shall put back from stress of weather, or if shall for any damage or from other cause be necessary that the cargo of a vessel that has cleared out shall be unshipped or re-landed, a Customs Officer shall be sent to watch the vessel and take charge of the cargo during such re-landing or removal from on board, and the Goods on board such vessel shall not be allowed to be transhipped or re-exported free of duty by reason of the previous settlement of duty at the time of first export unless the Goods shall be lodged in such place as shall be allowed by the Collector of Customs, and shall remain while on land, or while on board of any other vessel under special charge of the Officers of Customs until the time of re-export, and all charges attending such custody shall be borne by the exporter. Provided however that in all cases of return to port after port clearance, on account of damage or for stress of weather, it shall be lawful for the Owner, or for the Master to enter the vessel and land the cargo under the rules for the importation of Goods, and the export duty shall in that case be refunded and the amount paid in drawback be retained, and if Goods on account of which drawback has been paid be not found on board the vessel, the Master shall be liable to a fine not exceeding the entire value thereof unless he account for them to the satisfaction of the Collector of Customs.

L. And it is hereby enacted, that when Goods shall be re-landed before the lading of any vessel is complete and before port clearance has been granted, the duty levied upon such Goods shall be returned to the exporter, but no refund shall be made of duty paid on the export of any Goods after port clearance shall have been granted for the vessel on which the Goods were exported, unless the vessel shall have put back for stress of weather or for damage, and the Goods shall have been re-landed under the rule contained in the last preceding Section of this Act.

LI. And it is hereby enacted, that Pattumars, Dhonies, Botellas, and other small craft from the Maldivé or Laccadive Islands, or from the Native Ports of Kattywar, Cutch and Scinde, shall be treated in the ports of the Bombay Presidency like the coasting craft of the British territory, provided that they conform to such special regulations as to the place of anchoring and mode of landing and shipping Goods as may be made by the Governor in Council of Bombay for such vessels in the several ports of the Bombay Presidency.

LII. And it is hereby enacted, that no drawback shall be allowed on Goods shipped on such Native craft as are described in the last preceding Section of this Act.

LIII.
